

THERAPY DOG WORKSHOP

Everything You Need to Know About Therapy Dog Programs

Presented by:

Linda Bobot, CPDT-KA, KPA-CTP

Therapy dog teams are bringing smiles to people in many different settings. No longer are they limited to nursing homes. Hospitals, schools, correction facilities, and funeral homes are just some of the newest places that welcome these trained teams. Physical therapy is so much more fun when it involves tossing a ball for a dog. Emotional memories are easier to talk about when the listener has four paws and doesn't mind a few tears.

If you have ever wondered about the process in becoming involved as a therapy dog team, this workshop is for you. We will provide information on therapy dog training but also discuss what is important to look for when evaluating a potential therapy dog.

Please join us in taking the first step into the world of therapy dogs! This 90-minute informational lecture will include handouts, videos and a question and answer period. This is an informational lecture only – NO DOGS

\$10.00 (pre-registration) **\$12.00** (at the door)
(cash or checks made out to "Teaching Dogs")
